“Conflict Minerals Policy”

Early Light Industrial Company Limited shall commit to source materials with “conflict-free minerals” to be used on our products.

We shall conduct reasonably to collect full information through supplier from smelter to ensure there are no 3TG minerals (Tin, Tungsten and Tantalum) from the DRC and cover countries. They are the Republic of the Congo, Republic of Sudan, Republic of Uganda, United Republic of Tanzania, Republic of Zambia, Republic of Angola, Central African Republic, Republic of Rwanda and Republic of Burundi.

Suppliers are requested to complete Conflict Minerals---Letter of declaration and Conflict Minerals Reporting Template: (a) which do not contain any 3TG material or their derivative, and (b) if the materials contain 3TG material, they have to confirm none of them is from the DRC and the covered countries.

We shall provide survey communication and training to our suppliers properly including a) the conflict minerals rule under the Dodd-frank Act, b) how to complete our questionnaire, and c) the suppliers are allowed to source 3TG from the smelters of the covered countries, provided that the smelters must be listed on the full Conformant Smelter List, in order to maintain the support of socio-economic regional development.

We shall maintain the record of our suppliers’ declaration letters and their reporting forms on conflict minerals enquiry.
